CAST & CREW FUN FACTS

1. Did you know there are four musical adaptations of this beloved classic tale? Our production is the "Broadway" adaptation which has all the beloved songs of the original story but adds a sympathetic stepsister, a revolution, and a few new characters!
2. Our set and costume design has some "Jackrabbit" pride. See if you can find all the references throughout the show!
3. We auditioned and began rehearsing in December. Overall we have had 47 rehearsals which amounts to just a little under 10 weeks!
4. The actors and tech crew are in rehearsals 5 days a week for two and a half hours after school - sometimes on Saturdays and non-schools days!
5. The cast and crew consists of 26 actors and 11 technicians to total 37 students! Plus, we have two QHS Band students in our orchestra pit! That brings our total up to 39!
6. Out of the students participating, we have 23 returning students and 14 new students.
7. Of the 14 students in our cast, this is their first time being involved in a live theatrical performance. (Including Owen Yeates who plays Topher and Sophie Hart who plays Ella!)
8. The tech crew has required "Saturday Build Days" in which they construct, paint, and fabricate the set, lights, and sound outside of their normal tech rehearsal days after school.
9. 3 out of the 11 technicians were specifically assigned to work as costume assistants. Led by our amazing seamstresses, they learned how to design, sew, and chart the costumes for this show!
10. Just as the actors audition to be in the cast, the tech crew must fill out applications and apply to be on our crew. Students who are in lead positions had to apply and interview for their position!
11. Our advanced construction class, taught by Nick Heuker, helped to build elements of our set! They built the carriage that whisks Ella away to the ball, the grande staircase in the ballroom, and the clock you see in Topher's castle.

A Note From the Director

Welcome to our magical production of *Cinderella*! It is with great joy and childlike-delight that we present you with a tale that has been near and dear to my heart since childhood. If you were to meet my mother and talk with her for some time, at some point, she would bring up a story about a five year old me in my beloved and coveted Cinderella nightgown; thus, I have always loved the story of Cinderella. Her story is one of hope, resilience, and the triumph of dreams over adversity. She teaches us that no matter how dire the circumstances, with a little bit of help, and the giving of kindness (even to those who wish us to fail), that there is always hope for a brighter future. Our talented cast and crew have poured their hearts into creating a world where dreams do come true! We hope as you watch the performance, you will be reminded of the magic that exists in everyday life and the importance of never giving up on your dreams, because as Marie tells us "It's possible!"

Have courage and lead with your heart,

Hailey M. Weber
